

HIGH SCHOOL MATIJA ANTUN RELJKOVIĆ

SLAVONSKI BROD

The school is situated in the town centre, and town is Slavonski Brod. The setting is urban but most of the pupils travel to school from the surrounding rural areas. This combination of urban and rural accounts for various social backgrounds of the pupils. There are around 800 pupils in the school (aged 14-18), attending different educational programmes: agriculture, chemistry, food technology, surveying, veterinary, forestry. We also organise adult education in bee keeping, fruit growing, vegetable farming. There is also the College of plant breeding and horticulture. Our school has a practical training area where students do practical training, botanical garden, orchard, vineyard, greenhouses, mechanical workshop, hectares of seed growing area, veterinary practise, forestry practise, micropropagation, school gym, outdoor court, horse club with lipizzaners and race track, large area for livestock show. Our school is the host of the International economy fair.
